

**Info:**

An enlivened installation with two performers.

The program will run for 180 minutes with an intermission of approx. one hour in the middle.

Installation expanse approx. 10-12 meters in diameter, a smaller size is optional.

Ground-level site, where possible.

Electrical power and water supply are not required.

**The Team:**

Two performers and one stagehand.

**Installation, dismantling:**

We will need access to the venue at least three hours prior to the event; installation will take approx. two hours. Dismantling will take approx. 1.5 hours.

**Hotel accommodation:**

A double room for the performers with extra bed(s) for the children (born 2007 and 2014)

A single bedroom for the stagehand

**Motor vehicle:**

We will travel to the venue with a van; we must be able to drive as closely as possible to the staged area for loading and unloading the vehicle. Parking near the venue is a requirement.
